NOTES

NATIONAL BLACK GRADUATE STUDENT ASSOCIATION (NBGSA)

Tandrea Hilliard and Jason Mose reported on their experiences, presentation, networking, and recruiting at the NBGSA annual meeting. They have prepared a detailed written report of their participation in the conference, including suggestions, which has been shared with Dean Rimer and Dr. Leatt, and posted on HPM's Diversity and Inclusion webpage. Related key concepts discussed by the committee included making connections, networking and further developing relationships, and follow-up with the UNC-CH NBGSA chapter.

COMMUNICATIONS

There was beginning discussion about strategies for communicating with contacts made at external events such as the NBGSA meeting. There also was some preliminary consideration as to how to use social media for communicating diversity themes—e.g., apportioned space within HPM social media accounts, links to our diversity and inclusion webpage on Facebook, encouraging students to post items.

ANNUAL LUNCHEON

Peggye and Laurel reminded everyone of the annual spring luncheon to be held the following week.
