Student’s Signature

Approved by: _______________________________________________________
Major Dept Director of Graduate Studies

Approved by: _______________________________________________________
Asst to the Chair for Graduate Studies,
Department of Epidemiology

Date of Approval: _________________________________________________

Note: When the student offers a minor, he/she must present at least fifteen credit hours. All courses to count towards the minor must be listed (or cross-listed) in departments other than the student’s major. A minor may consist of a set of related courses listed in two different departments. If so, the student must take at least six credit hours in each department.
