Learn about the wide variety of career fields that PhDs can pursue on [Versatile PhD](#)

UNC
GILLINGS SCHOOL OF
GLOBAL PUBLIC HEALTH

The [public health jobs listserv](#) is the newest addition to career services resources. Follow these [instructions](#) to subscribe!

Interested in Consulting?

Don't miss this two-part seminar for grad students!

(hint: If you're graduating in August, December or May, you'll want to start now!)

The UNC Science and Business Club is pleased to present a two-part seminar series entitled **Consulting 101**.

The first seminar (**Monday, June 19th, 5:30 pm, Taylor Hall**) will be presented by Leah Townsend, a strategy analyst at Triangle Insights Group. Triangle Insights Group is a boutique healthcare and life science strategy consulting firm located in Durham. Leah will provide an overview of consulting, discuss the various types of consulting, with a focus on healthcare and life sciences consulting.

The second seminar (**Monday, June 26th, 5:30 pm, Taylor Hall**) will dive deep into the various ways in which consulting firms evaluate candidates, particularly case interviews. We will also discuss resumes and cover letters, and finish by conducting a resume review.

Please follow this link to register: <http://tinyurl.com/kb4bjuw>. Don't worry if you can't make it to all the sessions, register anyway and show up to those you can attend. Feel free to reach out to the SBC with any questions, we look forward to seeing you there!

A note about Careerolina
job search database for UNC students

This summer we will be changing the system currently known as **Careerolina** to an exciting new platform called **Handshake**. When we make this transition, unfortunately we will lose access to the old system, which includes any documents you may have stored there.

Please log into your **Careerolina** account BY JUNE 15 and download any important documents that you may keep there, especially if that is the only saved version of the document. We will be repeating this message as we get closer to the switch, and we will also be providing additional details about the new system. We think you're going to love it.
