C. Research Support. List selected ongoing or completed (during the last three years) research projects (federal and non-federal support). Begin with the projects that are most relevant to the research proposed in this application. Briefly indicate the overall goals of the projects and responsibilities of principal investigator identified above.

ONGOING RESEARCH SUPPORT

5-T79-MC00004-24 (Dodds)

07/01/03 – 06/01/08

DHHS, HRSA, MCHB

UNC/UT Public Health Nutrition Training Program

The major goals of this project are: Provide public health nutrition instructional programs and field experiences that integrate nutrition science, public health, and social/behavioral sciences and education consistent with health objectives established for states, region, and country. Prepare competent public health nutritionist to function as culturally sensitive leaders in progressively responsible maternal and child health positions in service, administration, consultation, teaching and /or research. Advance the knowledge and skills of practicing public health nutrition personnel nationally and with a special focus on Region IV, in the areas of nutrition, MCH and public health needs. Develop and strengthen public health research thrust that focuses on addressing the nutritional needs of the MCH population.

Role: Principal Investigator

PO#3000323754 Eugenia Eng (PI)

06/01/00 – 05/31/09

WK Kellogg Foundation

University of Michigan

“Community Health Scholars Program”

A five-year initiative which brings together the resources of three Schools of Public Health and over 30 scholars to make public education and research relevant to practice by: making scholarly practice highly visible; defining the criteria for demonstrating excellence in scholarly practice; and establishing a cadre of faculty trained in the traditional public health disciplines, with special attention to community health determinants such as: community organization and development, indigenous leadership identification, asset mapping, coalition-building, competence working in cross-cultural settings, and advocacy.

Role: Co-Director of the Carolina CHSP and Co-Faculty Mentor for one scholar
