Zambia Hub
To give more focus to the School's global work, we are establishing a small number of geographic hubs to increase students' skills. A consistent presence at particular sites, working with a select group of partners, will allow us to provide quality experiences and deliver on strategic themes to improve public health. For summer 2019, we are pleased to partner with UNC Global Projects Zambia to offer five placement opportunities for UNC Gillings residential MPH* students. We expect to award up to $5,000 per student.
