

Roles and Responsibilities of Statisticians in the Pharmaceutical Industry

Olga Marchenko, PhD
Executive Director, Head of Therapeutic Area
Statistics in Pulmonology, Anti-Infectives,
Ophthalmology, and Women's Health
Bayer

This presentation will cover roles and responsibilities of statisticians working in pharmaceutical industry with a focus on statisticians supporting clinical trials. Topics will include scientific activities, leadership responsibilities, and collaboration with other functions. Internship opportunities and working groups under professional societies (e.g., ASA, DIA, IBS, EFSP, PhRMA) will be discussed also.

Thursday March 24, 2022, 3:30-4:30 PM Eastern

McGavran-Greenberg Hall - Room 1301
