

Individual Development Plan (IDP)
Department of Epidemiology

Student: _____

Advisor: _____

Year of entry into Ph.D Program: _____

I. Long-term career plans, current self-perceived strengths and weaknesses

II. Progress made in previous academic year (courses taken, teaching, presentations, meetings attended, milestones toward degree, barriers, research progress, manuscripts written or reviewed)

III. Plans for coming academic year (courses, milestones, and how they address/extend issues discussed above)

IV. Progress towards thesis (topic, committee, meetings, and timeline)

VI. Post-graduation career plans (preparation of CV, recommendations, networking, job applications/search)

Student: _____

Advisor: _____

Date: _____

This is a suggested IDP; feel free to add topics. The completed IDP should reflect a conversation between the student and advisor.

Note: If a student is registering for EPID 992 or 994, a separate signed contract is required for each semester.
