

BAHJAT QAQISH

Curriculum Vitae

Home Address:

309 Burlage Circle
Chapel Hill, NC 27514
phone: (919) 933-7636

Office Address:

Department of Biostatistics
CB 7420, McGavran Greenberg Hall
University of North Carolina at Chapel Hill
Chapel Hill, NC 27599-7420
phone: (919) 966-7271, 966-7268
fax: (919) 966-3804
email address: qaqish@bios.unc.edu
website: <http://www.bios.unc.edu/~qaqish>

EDUCATION:

1990: PhD, Biostatistics, Johns Hopkins University School of Hygiene and Public Health, Baltimore, Maryland.

1981-1982: Residency in Internal Medicine, Jordan University Hospital, Amman, Jordan.

1980-1981: Internship, Jordan University Hospital, Amman, Jordan.

1973-1980: M.B.;B.Sc., Jordan University Medical School, Amman, Jordan.

PROFESSIONAL POSITIONS:

2014-current: Professor, Department of Biostatistics, University of North Carolina, Chapel Hill, North Carolina.

1997-current: Associate Professor, Department of Biostatistics, University of North Carolina, Chapel Hill, North Carolina.

1990-1997: Assistant Professor, Department of Biostatistics, University of North Carolina, Chapel Hill, North Carolina.

1982-1983: Teaching and Research Assistant, Jordan University Medical School, Department of Community Medicine, Amman, Jordan.

1981-1982: Resident, Internal Medicine Residency Program, Jordan University Hospital, Amman, Jordan.

1980: Intern, Jordan University Hospital, Amman, Jordan.

HONORS AND AWARDS:

The Student Recognition Award, The Johns Hopkins University School of Hygiene and Public Health, 1988.

Delta Omega, 1988.

Coauthor of a paper read before the Royal Statistical Society in 1991, published 1992.

Junior Faculty Development Award, University of North Carolina at Chapel Hill, 1992

Winner of the American Society of Radiologic Technologists Jean I. Widger Distinguished Author Award, 2010.

RESEARCH SUPPORT AS PRINCIPAL INVESTIGATOR

PI, SPORE Biostatistics Core at the Lineberger Comprehensive Cancer Center. This was funded for three cycles, five years each.

PI, NIH RO1 grant, Analysis of association for multivariate binary data, 2005-2009. \$635,000.

PI, tPPG Biostatistics and Data Management Core, 2012-2016.

INVITED RESEARCH-RELATED TALKS:

A theme of linearity in non-linear models for multivariate binary responses. Johns Hopkins University Bloomberg School of Public Health. Baltimore, MD, November 18, 2013

Software development for GEE and ORTH. John S. Preisser*, Bahjat F. Qaqish. ENAR Meeting, March 15-18, 2009, San Antonio, Texas.

Introduction to Simulation in Statistics. GSK Biostatistics Annual Conference. November, 2008. Research Triangle Park, North Carolina.

Qaqish B. F. Models for Multivariate Categorical Outcomes. Chinese Statistical Society Meeting, 2007, Raleigh, North Carolina. Invited.

Qaqish B. F. Models for Multivariate Categorical Outcomes. Frontiers in Applied and Computational Mathematics, New Jersey Institute of Technology, Newark, New Jersey, May 14-16, 2007. Invited.

Preisser JS. Lu B. Qaqish BF. Finite Sample Bias Corrections to Sandwich Covariance Estimators for Longitudinal and Clustered Data. Joint Statistical Meetings in Salt Lake City, July 29-August 2, 2007, Utah.

Qaqish BF. Models for Multivariate Categorical Outcomes. Chinese Statistical Society Meeting, 2007, Raleigh, North Carolina.

Qaqish BF. Models for Multivariate Categorical Outcomes. Frontiers in Applied and Computational Mathematics, New Jersey Institute of Technology, Newark, New Jersey, May 14-16, 2007.

Preisser JS. Lu B. Qaqish BF. Finite Sample Bias Corrections to Sandwich Covariance Estimators for Longitudinal and Clustered Data. Joint Statistical Meetings in Salt Lake City, July 29-August 2, 2007, Salt Lake City, Utah.

Qaqish*, B. F., Denogean, L., Karr, A. A stochastic process approach to the analysis of swapping for categorical variables. Data Confidentiality Mid-Year Workshop, A Working Group in National Defense and Homeland Security at SAMSI, Hosted by National Center for Health Statistics, Hyattsville, MD March 13, 2006.

Qaqish, B. F. Statistical issues in releasing and sharing data. SRCOS/ASA 2006 Summer Research Conference on Statistics. June 5-7, 2006, Houston, Texas.

Qaqish B.F. The link between cancer registries, clinical and epidemiologic research. The 4th UAE International Cancer Conference, Abu Dhabi, United Arab Emirates, January 28-31, 2001.

Qaqish B.F. Simulation of correlated binary variables. The American Statistical Association, North Carolina Chapter, September 2000.

Qaqish B.F. Variance components for dependent qualitative responses. The University of Florida Statistics Symposium 2000 on Selected Topics in Variance Components Analysis, Gainesville, Florida, January 20-22, 2000

Qaqish B.F. Deletion diagnostics for generalized estimating equations. The Seventh Eugene Luckacs Symposium, Bowling Green State University, Bowling Green, Ohio, April 25-27, 1997.

Statistical Methods for Quality of Life in Cancer Studies. Hurghuda, Egypt, Dec, 1994.

Discussant in a session on Analysis of Correlated Data. The American Statistical Association Joint Meetings, August 1993.

Statistical Methods for Longitudinal Data. Medical School, Yarmouk University, Jordan, May, 1993.

Invited speaker in a session on Statistical Computing for Longitudinal Data. Joint Meeting of the Biometric Society, East North American Region, March 1990.

SERVICE ACTIVITIES IN THE DEPARTMENT OF BIOSTATISTICS:

Chair of the Biostatistics Masters Examinations Committee 2009–2019.

Member of the Biostatistics Doctoral Examinations Committee 2003–present.

Member of the Biostatistics Information Technology Committee, 1990–present.

Chairman of the Barry H. Margolin Memorial Committee. The memorial service took place on March 3, 2010. A memorial session was held at the Joint Statistical Meetings in Vancouver, Canada, August 2010.

Member of the Faculty Search Committee, 1991–1995. The work of this committee resulted in the hiring of three new faculty members in the Department of Biostatistics.

Member of the Examinations Committee, Department of Biostatistics, 1990–2002.

Member of the Student Support Committee, Department of Biostatistics, 1990–1997.

Member of the Information Technology Advisory Committee, Department of Biostatistics, 1990–1991.

Chair of Seminar Committee, 1994–1996

PhD Curriculum Review Committee, 1995–2000.

COURSES TAUGHT IN THE DEPARTMENT OF BIOSTATISTICS:

- Developed a new course, BIOS 992, Masters Research Project and Paper. Offered in 2021 (Spring), co-taught with Professor Baiming Zou.
- Longitudinal Data Analysis (BIOS 667): This is a masters-level course taught in 2017 (Fall) - 2020 (Fall).
- Longitudinal Data Analysis (BIOS 767): This is a doctoral-level course taught in 2013–2019 (spring).
- Statistical Computing (BIOS 735): This is a new doctoral-level course co-taught in 2013 with three other instructors.
- Generalized Linear Models, Theory and Applications: This is a doctoral-level course developed in 1990 and taught from 1990 to 2006. The course number changed over time from 240 to 262, 263 and is currently BIOS 763.
- Introductory Survival Analysis, BIOS 180, new number BIOS 680.
- Advanced Survival Analysis, BIOS 280, new number BIOS 780.
- Statistical Computing: This is a doctoral-level course developed in 1998 and taught from 1998 to 2005.
- Probability and statistical inference II (Bios 661): This is a masters-level course taught in 2008-2011.
- Introduction to statistical computing in SAS and R: A series of lectures for the BSURE program, 2009, 2010, 2011.

OTHER TEACHING AND RESEARCH ACTIVITIES:

Introduction to Simulation in Statistics. GSK Biostatistics Annual Conference. November, 2008. Research Triangle Park, North Carolina.

Short course: Generalized estimating equations. January 20 and 27, 1999, Division of Biometry, Duke University, Durham, North Carolina.

Special Epidemiology Methods seminar: Overview of methods for longitudinal data analysis. January 12, 1999, Department of Epidemiology, The University of North Carolina at Chapel Hill, Chapel Hill, North Carolina.

Special Epidemiology Methods seminar: Generalized estimating equations. February 9, 1999, Department of Epidemiology, The University of North Carolina at Chapel Hill, Chapel Hill, North Carolina.

Short course: Generalized estimating equations theory and applications, June 16, 1995, Ciba-Geigy Pharmaceutical, Summit, New Jersey.

Teaching assistant for many biostatistics courses. 1984-1989, Department of Biostatistics, The Johns Hopkins University School of Hygiene and Public Health, Baltimore, Maryland.

Programmer/Data Analyst, 1986-1988, "The Precursors Study", Johns Hopkins University Medical School, Baltimore, Maryland.

Programmer/Data-Analyst, 1984-1986, "The Role of Systematic Hypertension in Diabetic Retinopathy", The Johns Hopkins Hospital, Wilmer Eye Institute, Baltimore, Maryland.

Lectures on GLIM (Generalized Linear Interactive Modelling) in a Course on Advanced Linear Models. Department of Biostatistics, The Johns Hopkins University School of Hygiene and Public Health, Baltimore, Maryland.

SERVICE AT SCHOOL AND UNIVERSITY LEVEL:

Voting member of Protocol Review Committee, the Lineberger Comprehensive Cancer Center, 1995–present.

Member of the Biostatistics Core at the Lineberger Comprehensive Cancer Center, 1990–present.

Member of Clinical Cancer Program Advisory Committee, The Lineberger Cancer Center, 1990–2000.

Reviewer for the University Research Council, 2000–2001.

Deputy Director of the Biostatistics Core Facility, Lineberger Cancer Center, 1990–1995.

Member of Data Processing Committee, The Johns Hopkins University School of Hygiene and Public Health, 1988–1989.

SERVICE AT THE NATIONAL AND INTERNATIONAL LEVEL:

Associate Editor for Epidemiology and Statistics, *The Journal of Investigative Dermatology*, 2005–2007.

Associate Editor, *Journal of Statistical Planning and Inference*, 2005–2006.

Refereeing of journal articles for many journals including

Biometrics,

Biometrika,

Statistics in Medicine,

Journal of Multivariate Analysis,

Journal of the American Statistical Association,

Psychometrika,

Technometrics,

Environmental and Molecular Mutagenesis. The American Journal of Epidemiology, The American Statistician, The Annals of the Institute of Statistical Mathematics, The Canadian Journal of Statistics, Journal of Investigative Dermatology.

Member of Johns Hopkins Biostatistics Alumni Advisory Council (1993).

Reviewer for The National Institutes of Health Study Section, Visual Sciences A-1 (1991).

TEACHING AT THE UNIVERSITY LEVEL:

Developed a series of five lectures on Introductory Biostatistics for fellows at the Lineberger Clinical Cancer Center. The series was given in 1995.

Developed an overview lecture on Survival Analysis for participants in the Clinical Scholars Program in the Medical School. This lecture was given four times; in 1993, 1994, 1995 and 1996.

Developed an overview lecture on Biostatistics for participants in the Cancer Education Program summer internship. This lecture was given in 1994.

DOCTORAL DISSERTATIONS SUPERVISION:

Dissertation advisor of:

Ryan McBride, DrPH, Biostatistics, current.

Jonathon O'Brien, PhD, Biostatistics, graduated.

Kunthel By, PhD, Biostatistics, graduated in 2012.

Eugenio Andraca, PhD, Biostatistics, graduated in 2008.

Ji-Hyun Lee, DrPH, Biostatistics, graduated in 2003.

Richard Zink, PhD, Biostatistics, graduated in 2003.

Carlos Henriquez, PhD, Biostatistics, graduated in 2002.

Terry Cox, PhD, Biostatistics, graduated in 1998.

Ralph DeMasi, PhD, Biostatistics, graduated in 1995 (jointly with Professor P. K. Sen).

John Preisser, PhD, Biostatistics, graduated in 1995.

Member of dissertation committees of:

Beibo Zhao, PhD, Biostatistics, current.

Tracie Shing, DrPH, Biostatistics, graduated.

Pooja Saha, PhD, Biostatistics, graduated.

Jeanine Matuszewski, PhD, Biostatistics, graduated in 2013.
Laura Lapkaskite, PhD, Biostatistics, graduated in 2013.
Changfu Xiao, PhD, Biostatistics, graduated in 2011.
JaEun Choi, PhD, Biostatistics, graduated in 2011.
Jamie Perin, PhD, Biostatistics, graduated in 2009.
Vangelis Evangelou, PhD, Statistics, graduated in 2009.
Jean Orlein, DrPH, Biostatistics, graduated in 2008.
Stas Kolenikov, PhD, Statistics, graduated in 2005.
