In Collaboration With:

NC Child Care Health and Safety Resource Center

NC Infant Toddler Enhancement Project

Shape NC: Healthy Starts for Young Children

NC Department of Health and Human Services

Wake County Human Services and

Wake County Smart Start

In order to support families who are breastfeeding or who are considering breastfeeding, we strive to do the following:

- Make a commitment to the importance of breastfeeding, especially exclusive breastfeeding, and share this commitment with our staff and families.
- **Train all staff** in supporting the best infant and young child feeding.
- **Inform families** about the importance of breastfeeding.
- Provide learning and play experiences that normalize breastfeeding for children.
- Teach our families to properly store and label their milk for child care center use.
- Provide a breastfeeding-friendly environment, displaying posters about breastfeeding and welcoming mothers to breastfeed their babies at our center.
- Support breastfeeding employees.
- **Develop a feeding plan** that supports best infant feeding practices with each family.
- Contact and coordinate with local skilled breastfeeding support and actively refer.
- **Continually update** our information and learning about breastfeeding support.
