

Southern Liver Cancer Symposium

September 29th, 2022

Hybrid Webcast Meeting

9:00 am – 9:30 am	Welcome and Coffee
Session 1: Environmental & Etiological Exposures	
9:30 am – 9:40 am	Session Introduction, Cathrine Hoyo, PhD
	<i>Lightning Talk Facilitator: Joellen Schildkraut, PhD, MPH</i>
9:40 am – 9:50 am	Lightning Talk Speaker: Christine Ekenga, PhD, MPH Investigating Social Determinants of Environmental Exposures and Cancer
9:50 am – 10:00 am	Lightning Talk Speaker: Chantel Martin PhD Social Environmental Stressors and Metabolic Disorders
10:00 am – 10:10 am	Lightning Talk Speaker: Kyle Steenland, PhD, MS PFOA and liver disease
10:10 am – 10:20 am	Questions for the Panel
10:20 am – 10:50 am	Keynote Speaker: Michael Cowley, PhD Zac1 and the Imprinted Gene Network connect the developmental environment to later life liver disease
10:50 am – 11:20 am	Keynote Speaker: Anna Mae Diehl, MD Liver Cirrhosis and Liver Cancer: Microenvironment Matters
11:20 am – 12:20 pm	Lunch
Session 2: Liver Cancer Detection in High-Risk Populations	
12:20 pm – 12:30 pm	Session Introduction, Cindy Moylan, MD
	<i>Lightning Talk Facilitator: Louise Henderson, PhD</i>
12:30 pm – 12:40 pm	Lightning Talk Speaker: Kara Wegermann, MD Alternative RNA splicing in HCC
12:40 pm – 12:50 pm	Lightning Talk Speaker: Marti Russell, MD Hepatocellular Carcinoma Screening in High Risk Vulnerable Patients
12:50 pm – 1:00 pm	Lightning Talk Speaker: Katie Ross-Driscoll, PhD, MPH Understanding barriers to HCC surveillance among patients with cirrhosis

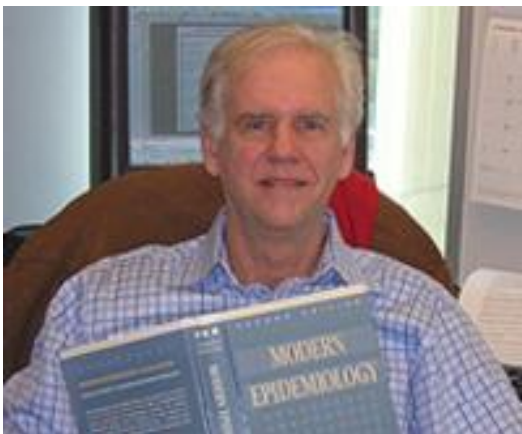

1:00 pm – 1:10 pm	Questions for the Panel
1:10 pm – 1:40 pm	Keynote Speaker: Andrew Moon, MD, MPH Risk stratification and surveillance strategies to improve the early detection of hepatocellular carcinoma
1:40 pm – 2:10 pm	Keynote Speaker: Alison Brenner, PhD, MPH Go where the people are (and bring resources): Cancer prevention research in the community
2:10 pm – 2:40 pm	Break
<i>Session 3: Genomics and Epigenomics of Liver Cancer</i>	
2:40 pm – 2:50 pm	Session Introduction, Melissa Troester, PhD, MPH
	<i>Lightning Talk Facilitator: Melissa Troester, PhD, MPH</i>
2:50 pm – 3:00 pm	Lightning Talk Speaker: Jesse Raab, PhD Approaches to targeting the BAF mutant primary liver cancers
3:00 pm – 3:10 pm	Lightning Talk Speaker: Arion Kennedy, PhD Molecular Mechanisms of Fructose Induced HCC
3:10 pm – 3:20 pm	Lightning Talk Speaker: Alicia Smith, PhD Epigenetic Patterns of Polybrominated Biphenyl (PBB) Exposure in a Multi-Generational Cohort
3:20 pm – 3:30 pm	Questions for the Panel
3:30 pm – 4:00 pm	Keynote Speaker: Katherine Hoadley, PhD Molecular Heterogeneity of Hepatocellular Carcinoma
4:00 pm – 4:30 pm	Keynote Speaker: Susan Murphy, PhD Environment-Methylome Connections in Modifying Liver Disease Risk
4:30 pm	Thank you and farewell from Dr. Troester

Christine Ekenga, PhD, MPH

Chantel Martin, PhD

Kyle Steenland, PhD, MS

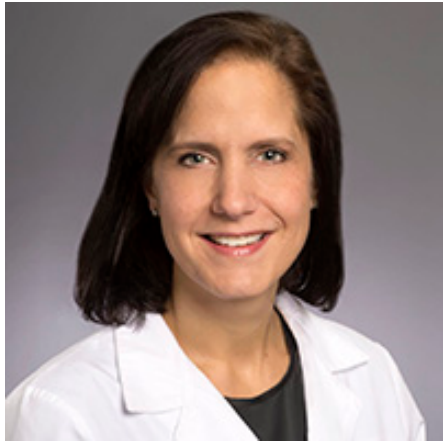

Michael Cowley, PhD

Anna Mae Diehl, MD

Kara Wegermann, MD

Marti Russell, MD

Katie Ross-Driscoll, PhD, MPH

Andrew Moon, MD, MPH

Alison Brenner, PhD, MPH

Jesse Raab, PhD

Arion Kennedy, PhD

Alicia Smith, PhD
