Recommendations:

- We recommend that MSPH candidates choose the SILS Practicum (INLS 779) instead of the SILS Masters Paper (INLS 778) so they don't have to balance the MSPH Masters Paper (HPM 789 & HPM 992) at the same time as the SILS Masters Paper.
- Students should consider summer school courses at SILS to ensure that they complete the required credits in 3 years.
- We recommend that students take the field experience at SILS (INLS 795), which happens over the summer.
