

LINDSEY HAYNES-MASLOW, PhD, MHA

EDUCATION

- 2014 The University of North Carolina at Chapel Hill**
 Department of Health Policy and Management
 Chapel Hill, NC
 Doctor of Philosophy
 Minor: Health Politics and Policy
 Dissertation Title: “*Access to Fruits and Vegetables for Low-Income Individuals: A Mixed Methods Study to Healthy Eating.*”
 Dissertation Chair: Pam Silberman, JD, DrPH
- 2010 The University of North Carolina at Chapel Hill**
 Department of Health Policy and Management
 Chapel Hill, NC
 Master of Healthcare Administration
 Graduate Certificate in Global Health
- 2008 The University of North Carolina at Chapel Hill**
 Department of Health Policy and Administration
 Chapel Hill, NC
 Bachelor of Science in Public Health, graduated with honors
 Minor: History

PROFESSIONAL EXPERIENCE

- University of North Carolina at Chapel Hill, Department of Health Policy and Management** Chapel Hill, NC
 8/8/2022 – Present *Teaching Associate Professor*
- Teach graduate students on leadership, management, organizational behavior, and public health policy and advocacy
 - Guest lecture classes
 - Mentor and advise masters students
- North Carolina State University, Department of Agricultural and Human Sciences** Raleigh, NC
 7/1/2020 – 8/5/2022 *Associate Professor & Extension Specialist*
- Distribution of effort: Extension 80%; Research 15%; Service 5%
 - Serve as Principal Investigator for the SNAP-Education program and \$2.8 million grant from the U.S. Department of Agriculture
 - Conduct research on the relationship between access to healthy food and diet-related chronic disease
 - Guest lecture classes and mentor students
 - Teach research methods and professional ethics & family policy to graduate students
- 05/2016 – 6/30/2020 *Assistant Professor & Extension Specialist*
- Distribution of effort: Extension 80%; Research 15%; Service 5%
 - Serve as Principal Investigator for the SNAP-Education program and \$2.2 million grant from the U.S. Department of Agriculture
 - Conduct research on the relationship between access to healthy food and diet-related chronic disease
 - Guest lecture classes and mentor students
 - Teach research methods to graduate students

Extension Collaborative on Immunization Teaching & Engagement

04/2021 – 5/31/2023 *Market Research Lead*

- Guide national market research for the Centers for Disease Control and Prevention and the U.S. Department of Agriculture on immunization education, including COVID-19, for funded land grant universities
- Provide technical assistance on social marketing to land grant universities on how to assess vaccine hesitancy in underserved communities and develop campaigns to address target audiences' concerns

University of North Carolina at Chapel Hill, Department of Nutrition

Chapel Hill, NC

04/2015 – Present *Adjunct Assistant Professor*

- Mentor undergraduate and graduate-level students
- Guest lecture nutrition policy graduate courses

Union of Concerned Scientists, Food & Environment Program

Washington, DC

06/2014 – 5/2016 *Food Systems and Health Analyst*

- Conduct research on the impact of free and reduced-price school lunches on children's health
- Inform policymakers and community partners about the food system's impact on nutrition, public health, and health disparities
- Conduct community-based participatory research on food equity

NC Division of Public Health, Physical Activity and Nutrition Branch

Raleigh, NC

12/2012 – 12/2013 *Lead Evaluator for Community Readiness Assessment Project*

- Coordinate Community Readiness Assessments for 18 communities across NC
- Oversee community readiness interview script development and guide analysis
- Evaluate feasibility and effectiveness of using Community Readiness Assessments

University of North Carolina at Chapel Hill, School of Nursing

Chapel Hill, NC

08/2012 – 05/2014 *Pre-doctoral Fellowship*

- Research training in Health Care Quality and Patient Outcomes, National Institute of Nursing Research, T32 NR 008856

Department of Veterans Health Affairs Center for Health Promotion & Disease Prevention

Durham, NC

08/2010 – 12/2012 *Qualitative Research Assistant*

- Code and analyze interviews conducted among individuals involved with the MOVE! Weight Management Program for Veterans using Atlas.ti

Lineberger Comprehensive Cancer Center, Health-e-NC Grant

Chapel Hill, NC

8/2011 – 8/2012 *Research Assistant*

- Observe virtual tumor boards and assist with conducting interviews with physicians involved in the virtual tumor boards
- Code and analyze observations/interviews conducted among physicians involved with the Virtual Tumor Boards using Atlas.ti

NC Division of Public Health, Physical Activity and Nutrition Branch

Raleigh, NC

05/2011 – 12/2011 *Obesity Prevention Intern*

- Write the "North Carolina Local Government's Guide to Healthy Eating and Active Living Communities," which provides action steps that promote healthy eating and active living policies in the community
- Conduct and analyze focus groups among local government officials to determine interest and feasibility in healthy eating and active living policies

North Carolina Institute of Medicine, North Carolina Medical Journal

Morrisville, NC

05/2009 – 8/2010 *Research Assistant*

- Assist with researching, writing and editing Task Force reports
- Assist with editing, writing, and preparing articles for the NC Medical Journal
- Interview individuals for journal articles

HONORS

- 2022 Outstanding Program Accomplishment in Innovative Youth Program Development, North Carolina Extension Association of Family and Consumer Sciences
- 2022 Outstanding Program Accomplishment in SNAP-Ed/EFNEP Educational Program Team Award, North Carolina Extension Association of Family and Consumer Sciences
- 2020 University Faculty Scholar, North Carolina State University
- 2019 Family Health & Wellness Award, North Carolina Extension Association of Family and Consumer Sciences
- 2018 Outstanding Program Accomplishment in Family Health & Wellness Award, North Carolina Extension Association of Family and Consumer Sciences
- 2018 Outstanding Program Accomplishment, Excellence in Teamwork Award, North Carolina Extension Association of Family and Consumer Sciences
- 2013 UNC Graduation Education Advancement Board Impact Award
- 2010 Public Health Traineeship Award
- 2009 Association of University Programs in Health Administration, Winston Health Policy Scholarship
- 2009 Ed McCauley Scholarship in Healthcare Leadership
- 2009 UNC Student Undergraduate Teaching and Staff Award
- 2009 Public Health Traineeship Award, 2009
- 2008 James P. Dixon Award for Excellence in Education

Refereed Publications

1. Davis BD, Bloom JD, Gerndt E, Hoeffler S, **Haynes-Maslow L**. Steps to Health's PSE Toolkit- The Ingredients for a Welcoming Farmers Market. (2021). Raleigh, NC: NC State SNAP-Ed *Steps to Health* Program. Accepted into the National SNAP-Ed Toolkit. In print.
This intervention uses best practices to contribute to a more welcoming farmer's market environment for all community members. The Toolkit outlines a 7-step process designed to assist with data collection, analysis, and action planning. The Toolkit helps market managers and volunteers better understand why individuals might not attend the farmer's market or what foods they might be interested in buying at the market. The intervention components help farmer's markets examine areas they can work on to ensure a more welcoming and inclusive shopping environment and identify clear steps to outline a timeline for reaching goals.
Role: *I provided content knowledge and edited several drafts of the toolkit as well as creating the evaluation plan.*
2. Davis BD, Gerndt E, Hoeffler S, Bloom JD, Hardison-Moody A, **Haynes-Maslow L**. Steps to Health's Nuts and Bolts of a Healthy Food Pantry. (2021). Raleigh, NC: NC State SNAP-Ed *Steps to Health* Program. Accepted into the National SNAP-Ed Toolkit. In print.
This intervention is designed to support pantries in improving the food environment so their clients can choose healthy food and beverage items. The components of the Toolkit include a resource guide, baseline and follow-up assessments to explore opportunities for PSE, training modules for food pantry staff and volunteers, action planning tools for sustaining PSE changes, and promotional materials, such as signage and "nudge" cards to influence healthy choices. The Toolkit equips partners to share best practices when collaborating with food pantries.
Role: *I provided content knowledge and edited several drafts of the toolkit as well as creating the evaluation plan.*
3. Davis BD, Gerndt E, Yao J, **Haynes-Maslow L**, Hardison-Moody A. Steps to Health and Faithful Families, Thriving Communities Moving Together - A Guide to Facilitating Community-Led Walk Audits. (2021). Raleigh, NC: NC State SNAP-Ed *Steps to Health* Program. Accepted into the National SNAP-Ed Toolkit.
<https://snapedtoolkit.org/framework/components/st5/>.
This walk audit is designed to help people assess their neighborhood and examine ways to make it easier for people of all ages and abilities to safely commute without a car. The intervention components help partners assess challenges in their community and identify clear steps to outline a timeline for reaching goals. All residents are encouraged to participate to ensure equity is considered when planning improvements that will benefit all community residents. Once the walk audit is complete, participants work collaboratively with community leaders to brainstorm solutions and create an action plan to improve the built environment.
Role: *I provided content knowledge and edited several drafts of the Walk Audit.*
4. **Haynes-Maslow L**, Andress L, Byker-Shanks C, Hardison-Moody A, Jilcott Pitts S, Patton-Lopez M, Prewitt TE. Examining Food Insecurity in the Rural United States: A Qualitative Study. (2020). Research brief for Share Our Strength at: <http://bestpractices.nokidhungry.org/sites/default/files/2020-02/Rural%20Food%20Insecurity%20Qualitative%20Research%20Brief.pdf>
5. Bloom JD, Bushel G, Chapman B, Davis K, Dunn C, Edwards H, Hardison-Moody A, **Haynes-Maslow L**, Lelekacs JM, Levine K, Stout R, Thraves T, Hofing G, Estridge S, Davis T, McKnight M, Estrada AM, Jones O, Parker-Helmkamp S. (2017). Extension Master Food Volunteer program curriculum. Raleigh, NC: NC Cooperative Extension.
This curriculum includes the following ten modules: Cooking Demonstrations; Food Safety for Volunteers; Evidence-Based Information: Programs that Work; Nutrition Basics; Cooking Skills and Techniques; Diversity, Inclusion, and Equity; History of Extension; Teaching Strategies; Program and

Volunteer Management; and Food Systems and Local Food. Each section includes PowerPoint lessons with script, handouts, and activities.

Role: *I provided content knowledge and edited several drafts of the Changing Health Behaviors module.*

6. **Haynes-Maslow L**, Gerndt E, Hofing GL. (2017). Healthy Food Retail Toolkit. Raleigh, NC: NC State SNAP-Ed Steps to Health Program.
The Steps to Health Healthy Food Retail Toolkit is designed to help SNAP-Ed educators and extension professionals with increasing access to healthy food in small retail food stores in low-income census tracts using behavioral economics such as product placement, marketing, and promotion. The curriculum includes store owner/manager interviews; customer intercept surveys; photos of stores, store-specific interventions to promote healthy food purchases, and follow-up customer intercept surveys.
Role: *I had primary writing responsibility for this publication and incorporated comments and edits from co-authors.*
7. Levine K, Jones L, Foley E, Chase S, van Rijn S, Alford Z, McBurney J, Grable J, Napier H, Jones O, Bloom DJ, **Haynes-Maslow L**, Hofing GL, Dunn PC. (2017). FCS Agent Cooking Skills Training. Raleigh, NC: NC State Extension.
The FCS Agent Cooking Skills Training is a basic cooking skills training program. The training is an intensive, hands-on three-part series and currently presented every other year. The program was piloted in 2014 with 11 FCS agents, in 2017, the second rendition of the FCS Agent Cooking Skills Training began with 12 participating FCS Agents. Participants are selected through an application process.
Role: *I helped to create and implement the evaluation plan for the 2017 and 2019 FCS Agent Cooking Skills Training curriculum.*

TEACHING ACTIVITIES

University of North Carolina at Chapel Hill, Department of Health Policy & Management Chapel Hill, NC

HPM 734/735: Advanced Concepts and Applications in Health Policy and Management, Summer 2023
Lead Instructor, graduate (4 credits), online, 28 students, required.

HPM 735: Advanced Concepts and Applications in Health Policy and Management, Spring 2023
Lead Instructor, graduate (3 credits), residential, 42 students, required.

SPHG 721-001: Public Health Solutions: Systems, Policy & Advocacy, Spring 2023

Instructor, graduate (2 credits), residential, 100 students, required.

SPHG 721-002: Public Health Solutions: Systems, Policy & Advocacy, Spring 2023

Instructor, graduate (2 credits), residential, 77 students, required.

HPM 730: Leadership and Management in Healthcare Organizations, Fall 2022, Lead Instructor, graduate (3 credits), residential, 45 students, required.

HPM 320: Introduction to Strategic Planning and Marketing, Spring 2009

Teaching Assistant, undergraduate (3 credits), residential, ~15-20 students, required

HPM 435: Marketing for Non-Profit Organizations, Spring 2009

Teaching Assistant, undergraduate (3 credits), residential, ~15-20 students, elective

HPM 330: Introduction to Health Organization, Leadership, Management, & Behavior, Fall 2008

Teaching Assistant, undergraduate (3 credits), residential, ~15-20 students, required

HPM 350: Health Services Delivery, Fall 2008

Teaching Assistant, undergraduate (3 credits), residential, ~15-20 students, required

North Carolina State University, Department of Agricultural and Human Sciences

Raleigh, NC

YFCS 585: Professional Ethics & Family Policy, Spring 2022

Lead Instructor, graduate (3 credits), online, ~15 students, required

YFCS 551: Research Methods, Fall 2020

Lead Instructor, graduate (3 credits), online, ~15 students, required

YFCS 551: Research Methods, Fall 2019

Co-Instructor, graduate (3 credits), online, ~15 students, required

ADVISING & MENTORING EXPERIENCE

Doctoral Dissertation Committee Member

1. Covington Brown, Doctor of Philosophy, Department of Nutrition, University of North Carolina at Chapel Hill, "Assessing the Feasibility, Acceptability and Perceived Impact of Integrating ONlines Services into Healthy Food Rx" expected graduation date 2025.
2. Catherine Hill, MS, RDN, LDN, Doctor of Philosophy, Department of Food, Bioprocessing and Nutrition Sciences, North Carolina State University, expected graduation date 2027.
3. Cheri Granillo, RN, BSN, FNP-BC, Doctor of Nursing Practice, School of Nursing, University of North Carolina-Charlotte, "PhytoRx: An Interdisciplinary Nutrition Learning Module" graduation date May 2023.

Master's Thesis Committee Member

1. Kennedy Norris, Master of Public Health, Department of Public Health, East Carolina University, "A Systematic Literature Review of Nutrition Interventions Implemented to Address Food Insecurity as a Social Determinant of Health" expected graduation date August 2023.
2. Laura Schumacher, Masters of Science in Economics, North Carolina State University, "Small Grains Marketing Patterns and Firm Characteristics: A North Carolina Grain Handling Industry Survey", expected graduation date May 2023.

Graduate Student Advising

1. Katherine Darby, Executive Masters in Healthcare Administration, University of North Carolina at Chapel Hill, expected graduation date August 2024
2. Morven Malay, Executive Masters in Healthcare Administration, University of North Carolina at Chapel Hill, expected graduation date August 2024
3. Elaine Thomas, Executive Masters in Healthcare Administration, University of North Carolina at Chapel Hill, expected graduation date August 2024

4. Shreya Ramnath, Masters in Healthcare Administration, University of North Carolina at Chapel Hill, expected graduation date May 2024
5. Macy Blake, Masters in Healthcare Administration, University of North Carolina at Chapel Hill, expected graduation date May 2024
6. Gabrielle Carufel, Masters in Healthcare Administration, University of North Carolina at Chapel Hill, expected graduation date May 2024
7. Avanthi Konda, Masters in Healthcare Administration, University of North Carolina at Chapel Hill, expected graduation date May 2024
8. Jonah Moon, Masters in Healthcare Administration/Masters in Business Administration, University of North Carolina at Chapel Hill, expected graduation date May 2025
9. Jordan Smith, Masters in Healthcare Administration, University of North Carolina at Chapel Hill, expected graduation date May 2024
10. Riya Desai, Masters in Healthcare Administration, University of North Carolina at Chapel Hill, expected graduation date May 2024
11. Sarah Ahmad, Masters in Healthcare Administration, University of North Carolina at Chapel Hill, graduated May 2023
12. Suramie Jlay, Masters in Healthcare Administration, University of North Carolina at Chapel Hill, graduated May 2023
13. Ihunanya Muruako, Masters in Healthcare Administration, University of North Carolina at Chapel Hill, graduated May 2023
14. Tyler Devenport, Masters in Healthcare Administration, University of North Carolina at Chapel Hill, graduated May 2023
15. Kyleigh Vestal, Masters in Healthcare Administration, University of North Carolina at Chapel Hill, graduated May 2023

Undergraduate Student Mentoring

1. 2016-2020, Isabel Osborne, University of North Carolina at Chapel Hill, graduated 2020
2. 2019-2020, Lucas Seijo, North Carolina State University, graduated 2022
3. 2017-2018, Katharine Toles, University of North Carolina at Chapel Hill, graduated 2019

Graduate Student Internships

1. 2021-2022, Jocelyn Dixon, East Carolina University, Field Placement Co-Supervisor, SPH 6905 Field Placement for Master of Public Health, graduated May 2022
2. 2018-2019, Stephanie Yarborough, Meredith College, Capstone Worksite Supervisor, FNG-686 Capstone Course for Master of Science in Nutrition, Spring 2019, graduate 2019

Undergraduate Student Internships

1. 2020, Marisah De Moll, North Carolina State University, graduated 2022
2. 2017, Sapna Ramakrishnan, University of North Carolina at Chapel Hill, graduated 2019

CONTRACTS GRANTS

Completed Research as Principal Investigator

00043195 (Haynes-Maslow) 10/01/2021 to 09/30/2022

SNAP-Education Steps to Health

U.S. Department of Agriculture (Total Funding: \$2,817,300)

This project seeks to improve the likelihood the limited resource individuals make healthy food choices and choose physically active lifestyles consistent with the current Dietary Guidelines for Americans and USDA food guidance.

Role: Principal Investigator

77306 (Haynes-Maslow) 3/15/2020-7/31/2022

Exploring whether changing the retail environment through 'bundling' can reduce health inequities in the WIC nutrition program for women and children

Robert Wood Johnson Foundation (Total Funding: \$250,000)

This project seeks to assess whether changing the retail environment through 'bundling' WIC approved food products can reduce health inequities for women and children in the Special Supplemental Nutrition Assistance Program for Women, Infants, and Children (WIC).

Role: Principal Investigator

00041221 (Haynes-Maslow) 10/01/2020 to 09/30/2021

SNAP-Education Steps to Health

U.S. Department of Agriculture (Total Funding: \$2,817,300)

This project seeks to improve the likelihood the limited resource individuals make healthy food choices and choose physically active lifestyles consistent with the current Dietary Guidelines for Americans and USDA food guidance.

Role: Principal Investigator

00036243 (Haynes-Maslow) 10/01/2019 to 09/30/2020

SNAP-Education Steps to Health

U.S. Department of Agriculture (Total Funding: \$2,800,000)

This project seeks to improve the likelihood the limited resource individuals make healthy food choices and choose physically active lifestyles consistent with the current Dietary Guidelines for Americans and USDA food guidance.

No number (Haynes-Maslow) 11/30/2018-09/31/2019

Examining Food Insecurity Among Families Living in Rural America

Feeding America and Share Our Strength (Total Funding: \$150,000)

This project seeks to examine what enables and constrains rural families' ability to provide food for their children, including 1) the circumstances and characteristics of families experiencing food insecurity; 2) what situations, contexts, and structures perpetuate experiences of food insecurity; 3) whether and how people access and participate in federal nutrition assistance programs and charitable food assistance programs; 4) potential solutions that can contribute to greater food security; and 5) how experiences of food insecurity, including barriers to and enablers of healthy food access, varies among residents of geographically, racially/ethnically, and politically diverse rural communities.

00036243 (Haynes-Maslow) 10/01/2018 to 09/30/2019

SNAP-Education Steps to Health

U.S. Department of Agriculture (Total Funding: \$2,209,735)

This project seeks to improve the likelihood the limited resource individuals make healthy food choices and choose physically active lifestyles consistent with the current Dietary Guidelines for Americans and USDA food guidance.

00036243 (Haynes-Maslow) 10/01/2017 to 09/30/2018

SNAP-Education Steps to Health

U.S. Department of Agriculture (Total Funding: \$2,209,735)

This project seeks to improve the likelihood the limited resource individuals make healthy food choices and choose physically active lifestyles consistent with the current Dietary Guidelines for Americans and USDA food guidance.

No number (Haynes-Maslow) 8/15/2017-2/15/2018

Examining Barriers and Facilitators to Delivering SNAP-Education Programming, including Policy, Systems and Environmental (PSE) Changes, in Rural Communities

Robert Wood Johnson Foundation (Direct Funding: \$19,264)

This project includes (1) Identifying the types of SNAP-Ed programming currently being implemented in rural communities, with a focus on PSE changes, 2) Identifying barriers to implementing SNAP-Ed programming, including both PSE and more traditional direct-nutrition education programming in rural communities, 3) Identifying strategies that SNAP-Ed implementing agencies have employed in rural communities to overcome PSE and traditional programming barriers, and 4) Developing a list of best practices for implementing PSE and direct-nutrition education SNAP-Ed programming in rural communities.

00034695 (Haynes-Maslow) 10/01/2016 to 09/30/2017

SNAP-Education Steps to Health

U.S. Department of Agriculture (Total Funding: \$1,922,741)

This project seeks to improve the likelihood the limited resource individuals make healthy food choices and choose physically active lifestyles consistent with the current Dietary Guidelines for Americans and USDA food guidance.

No number (Haynes-Maslow) 6/1/2016-12/31/2016

Rural Store Owners' Perceptions of USDA's Minimum Stocking Requirements

Robert Wood Johnson Foundation (Direct Funding: \$10,160)

This project includes a (1) content analysis on the public comments for the USDA's proposed SNAP retailer rule, and (2) interviews with rural corner store owners to examine their perceptions about the proposed rule and to understand the barriers and facilitators to implementation.

Completed Research as Co-Principal Investigator

No Number (Nuetze D, Ammerman A) 8/01/2017 to 06/30/2018

Connecting NC Agriculture and Healthcare: A Nutrition Education Fruit and Vegetable Prescription Program to Support Healthier Diets and Local Farms

NC General Assembly (Total Funding: \$72,500)

This project explores the feasibility of connecting low-income patients to a SNAP-Ed nutrition education class and a produce prescription program that is grown from a local farmer.

1 NU58DP006268-01-00 (Hardison-Moody) 10/1/2016-10/1/2018

A Multi-Level Approach to Prevent Obesity: Extension and Engagement in Four North Carolina Counties

Centers for Disease Control and Prevention (Total Funding: \$1,582,325)

This project seeks to aim 1) increase opportunities for family-based education around healthy eating and physical activity; 2) increase partnerships and support coalitions that are focused on increasing access to healthy foods and safe places to be active; 3) increase the number of organizations and food retail establishments that implement healthy food standards or increase access to fresh, local foods; and 4) increase the availability of places to be active through Safe Routes to School programs, joint-use agreements in community organizations, and standards that encourage physical activity in out-of-school settings.

No Number (Haynes-Maslow/Leone) 6/01/11-10/31/12

Improving Access to Fruits and Vegetables among Low-Income Individuals in North Carolina

North Carolina Translational and Clinical Sciences Institute (Direct Funding: \$2,000)

The goal of this study was to complete formative research to help inform the Veggie Van and other community-based programs aimed at increasing access to fresh produce in lower-income communities. This funding was also used to evaluate a pilot of the Veggie Van program.

No Number (Haynes-Maslow/Parsons) 4/01/2011 – 12/01/2011

Examining Real and Perceived Food Deserts in Orange and Durham Counties in North Carolina

Triangle University Food Studies (Direct Funding: \$1,000)

The goal of this study was to examine low-income individuals' perceived barriers to accessing fruits and vegetables in Durham and Orange County, North Carolina using focus groups and geographic information systems.

Completed Research as Co-Investigator or Collaborator

No Number (Schweizer) 10/1/2021 – 9/30/2022

Advancing Sales and Marketing Opportunities for North Carolina Wheat

NC Small Grain Growers Association, Inc. (Total Funding: \$26,380)

This project investigates additional avenues for selling North Carolina grown soft red winter wheat (NC SRW) and educating buyers and sellers in these alternative markets. Potential marketing strategies include both promoting NC grown SRW to local consumers and exporting NC SRW internationally.

Role: Co-Investigator

No Number (Gustafson) 11/1/2020 – 11/30/2021

Online grocery shopping intervention among rural and urban households

Share Our Strength (Total Funding: \$10,000)

This project seeks to test the feasibility of online grocery shopping among rural and urban low-income households.

Role: Co-Investigator

No Number (Jilcott Pitts) 12/15/2018 to 12/14/2020

Examining the Impact of North Carolina's Healthy Food Small Retailer Program on Diet-Related Dietary Outcomes in Rural Food Deserts

East Carolina University/Prime: Robert Wood Johnson Foundation (Direct Funding: \$30,035)

The purpose of this project is to assess the impact of North Carolina's Healthy Food Small Retailer Program on diet-related chronic disease in rural food deserts.

Role: Co-Investigator

1R21CA173042-01 (Leone) 9/01/2012-2/1/2016

Impact of a Public-Private Mobile Market to Improve Fruit & Vegetable Access

National Cancer Institute ((Direct Funding: \$239,250)

This project 1) Measures the impact of a mobile market at 6 and 12 on the primary outcome of F&V consumption as well as perceived access to F&V and self-efficacy to purchase, prepare, serve and eat fresh F&V among adults using a randomized controlled design; and 2) Assesses community support, feasibility, and financial sustainability of the public-private Green Cart Program.

Role: Research Collaborator

No number (Leone 04/1/2015-12/31/2015)

The Triple Bottom Line: How can we use in-store promotions to decrease WIC program costs, maximize store profitability and improve participant satisfaction?

Duke-UNC-USDA Center Behavioral Economics and Healthy Food Choice Research (Direct Funding: \$5,000)

Conceptual white paper to examine behavioral economic opportunities for controlling food costs while maintaining program effectiveness

Role: Research Collaborator

14887 (Leone) 1/01/2013-5/31/2015

Impact of a Veggie Van Program to Increase Access to Fresh Fruits and Vegetables in Lower-Income and Underserved Communities

Robert Wood Johnson Foundation ((Direct Funding: \$89,286)

This project: 1) Measures the impact of a mobile market at 6 months on the primary outcome of F&V consumption among children using a randomized controlled design and 2) Assesses the effect of the mobile market program on food availability within the children's households using grocery store receipts.

Role: Research Collaborator

No Number (Ammerman) 11/11/11-11/10/13

North Carolina Green Cart Project

Blue Cross and Blue Shield of North Carolina Foundation Food Systems Grant ((Direct Funding: \$219,500)

Programmatic funding to work with several private-public partners to expand delivery of fresh, North Carolina grown produce to lower-income neighborhoods.

Role: Research Collaborator
