## **DESHIRA D. WALLACE**

[ddwallac@email.unc.edu](mailto:ddwallac@email.unc.edu)

364 Rosenau Hall, CB#7440  
Chapel Hill, NC 27599

ORCID: <https://orcid.org/0000-0003-1300-6957>

### **EDUCATION**

---

<b>PhD</b>	Health Behavior Gillings School of Global Public Health University of North Carolina at Chapel Hill	2019
	Dissertation title: “ <i>Stress makes it difficult to live a healthy life</i> ”: The relationship between stress and dietary behaviors among Latinos Advisor: Leslie A. Lytle, PhD	
	T32 AHRQ/NRSA Predoctoral Fellow in Health Services Research Cecil G. Sheps Center for Health Services Research	
<b>MSPH</b>	Health Behavior Gillings School of Global Public Health University of North Carolina at Chapel Hill	2015
<b>BA</b>	Environmental Sciences and Policy Duke University, Durham, NC Graduation with Distinction Minors: Global Health and Energy, Engineering and Environment	2010

### **PROFESSIONAL EXPERIENCE – RESEARCH**

---

<b>Faculty Fellow</b>	July 2022 – current
Carolina Population Center University of North Carolina at Chapel Hill, Chapel Hill, NC	
<ul style="list-style-type: none"><li>• Lead and collaborate on population health research.</li><li>• Serve as faculty mentor for Population Science Training program (T32).</li></ul>	
<b>Faculty Project Lead</b>	July 2022 – current
Environmental Justice Action Research Clinic University of North Carolina at Chapel Hill, Chapel Hill, NC	
<ul style="list-style-type: none"><li>• Lead collaborative environmental justice projects with North Carolina-based community partners</li></ul>	
<b>Assistant Professor</b>	Sept 2021 – current
Department of Health Behavior, Gillings School of Global Public Health University of North Carolina at Chapel Hill, Chapel Hill, NC	

October 2023

- Lead a study on racialization among Latinos and how differently racialized groups may experience distinct exposures and outcomes
- Constructing a racialization and health course for graduate students

**Postdoctoral Fellowship**

July 2019 – Aug 2021

Carolina Postdoctoral Program for Faculty Diversity  
Population Science Training Program, Carolina Population Center  
University of North Carolina at Chapel Hill, Chapel Hill, NC

- Led a study on the appropriateness of diabetes distress measures in the Dominican Republic
- Supervised practicum students on developing a process and outcome evaluation plan for a diabetes and hypertension program in rural areas of the Dominican Republic
- Co-taught a scale development class for doctoral students

**Research Assistant**

Jan 2017 – May 2019

UNC Center for AIDS Research, Department, Dr. Carol Golin  
University of North Carolina at Chapel Hill, NC

- Led systematic review of validated instruments to assess social support, medication adherence, HIV knowledge, and coping related to HIV
- Supported development of a pilot intervention to integrate a novel measure of antiretroviral adherence measure in clinic settings

**Summer Associate/Adjunct Researcher**

Jun 2018 – Jan 2019

RAND Health Care, Dr. Kathryn Derose  
RAND Corporation, Santa Monica, CA

- Developed qualitative data collection tools and analyzed data to explore experiences managing comorbidities (i.e., diabetes, hypertension) among people living with HIV in urban areas of the Dominican Republic in a food insecurity intervention
- Led systematic review of health outcomes of park-based interventions

**Research Assistant**

May 2015 – Dec 2017

Department of Health Behavior, Dr. Clare Barrington  
Gillings School of Global Public Health  
University of North Carolina at Chapel Hill, Chapel Hill, NC

- Conducted longitudinal qualitative study in rural communities in the Dominican Republic to improve understanding of the context of the epidemiological transition and experiences with type 2 diabetes care and self-management

**Research Assistant**

May 2015 – Jun 2016

Department of Health Policy and Management, Dr. Kristen Hassmiller-Lich  
Gillings School of Global Public Health  
University of North Carolina at Chapel Hill, Chapel Hill, NC

- Led systematic review of strength-based frameworks and assessments for patients living with multiple chronic conditions

**Research Assistant**

Jan 2014 – May 2015

October 2023

Department of Health Behavior, Dr. Leslie Lytle  
Gillings School of Global Public Health  
University of North Carolina at Chapel Hill, Chapel Hill, NC

- Conducted literature reviews and data analysis to examine effects of stress and depression on sleep among young adults in a 2-year weight maintenance intervention

---

## PROFESSIONAL EXPERIENCE – APPLIED

---

**Technical Consultant for Health Systems Evaluation** Apr 2020 – Jun 2020  
Chemonics, Washington, DC

- Evaluated coordination between U.S. Agency for International Development (USAID) and Latin America and Caribbean Ministries of Health on supply chain, community engagement, and behavior change activities in response to the Zika outbreak

**Technical Consultant for Health Systems Evaluation** Mar 2018 – Jun 2019  
Social Solutions International, Research Triangle Park, NC

- Designed qualitative component of a 5-country mixed-methods evaluation of the maternal and child health system responses to the Zika outbreak in the Americas
- Conducted literature reviews, key informant interviews, and contributed to writing final reports to inform USAID’s criteria for assessing transitions in maternal and child health aid in Latin America and the Caribbean

**Associate** Aug 2012 – Mar 2018  
ICF, Durham, NC

- Developed U.S. Environmental Protection Agency (EPA) Superfund case studies regarding best practices for mitigating human health risks in Superfund sites

**Summer Fellow** May 2016 – Aug 2016  
North Carolina Institute of Medicine, Durham, NC

- Updated 2 policy recommendations on adult care homes and integrating evidence-based practices in public health
- Supported North Carolina Legislature task force on mental health and substance use

**Analyst** Jul 2010 – Aug 2012  
ICF, Fairfax, VA

- Led analysis and drafting of the Environmental Protection Agency’s first environmental justice report on estimated impacts of solid waste regulation change
- Supported development of interactive environmental justice training modules for EPA’s Office of Environmental Justice for dissemination to federal, state and local agencies, and tribal communities

---

## HONORS AND AWARDS

---

UNC Postdoctoral Award for Research Excellence	2020
Jo Anne Earp Health Behavior Travel Award	2018
Jo Anne Earp Health Behavior Travel Award	2017

October 2023

UNC Chancellor's Doctoral Candidacy Award	2017
Global Community Engagement Fellowship	2017
Ethel J. Jackson Health Education Practice Award	2014
North Carolina Excellence Fellowship	2013
Sara LaBoskey Award for Excellence in Environmental Science Research	2010

## **BIBLIOGRAPHY**

---

<https://www.youtube.com/watch?v=NLLab9NMSgU>
10. Psychosocial stress and chronic disease disparities within ethnic-racial groups in the US and Latin America. Invited talk at the 2021 Annual North Carolina Women of Color Research Network Symposium – National Institute of Environmental Health Sciences, Research Triangle Park, NC [Virtual], May 27, 2021
9. Republic of Panamá: History, Culture, and the Present. Invited talk for The Greater Queens Chapter of the Links, Inc. Queens, New York City, NY [Virtual], April 22, 2021.
8. Deconstructing *Latinidad*: Examining Afro-descendent Health in the Americas. Invited talk at the Institute of African American Research Carolina Postdoctoral Program for Faculty

October 2023

Diversity Spring Series, University of North Carolina at Chapel Hill, Chapel Hill, NC, January 27, 2021.

7. Careers in biomedical sciences. Invited talk at the 23<sup>rd</sup> Annual National Institute of Environmental Health Sciences Biomedical Career Symposium EPA Campus, Research Triangle Park, NC, July 23, 2020.
6. Community consultation studio for Hispanic/Latino(x) participation in research – how to better engage the Latinx in research. Invited talk at the Duke Clinical and Translational Science Institute-Community Engaged Research Initiative, Duke University, Durham, NC, May 29, 2020.
5. Responding to COVID-19: Evidence outbreaks and what it means for maternal and child health systems today, lessons from the Zika outbreak. Invited talk at the U.S. Agency for International Development Maternal and Child Health/Latin America and Caribbean Bureau Washington, DC, May 27, 2020.
4. Applying and navigating a graduate career in public health. Invited talk at the Moore Undergraduate Research Apprentice Program (MURAP). University of North Carolina at Chapel Hill, Chapel Hill, NC, July 11, 2019.
3. Latinos and diabetes: A transnational perspective. Invited talk at the Department of Spanish and Italian, Wake Forest University, Winston-Salem, NC, April 1, 2019.
2. Lessons for USAID on the impact of the Zika outbreak on MCH services: Learning from the past to prepare for the future. USAID Latin American and the Caribbean Bureau, U.S. Agency for International Development, Washington, DC, October 18, 2018.
1. Examining socio-structural factors of T2D management in rural Afro-Dominican populations. Invited talk at the Institute of African American Research, University of North Carolina at Chapel Hill, NC, February 2, 2016.

## TEACHING

---

### *Classroom Teaching*

Course Details	Terms
<b>Faculty Co-Instructor</b> Scale Development (HBEH 763) Department of Health Behavior University of North Carolina at Chapel Hill, Chapel Hill, NC 16 graduate students Required, 3-credit course	Spring 2023, Spring 2022, Spring 2021
<b>Faculty Instructor</b> Racialization and Health (HBEH 790) Department of Health Behavior University of North Carolina at Chapel Hill, Chapel Hill, NC	Spring 2023

October 2023

16 graduate students Elective, 3-credit course	
<b>Faculty Instructor</b> COVID Investigations: Race, Equity and Coronavirus in the Americas (IDST 290) College of Arts and Sciences, Carolina Away University of North Carolina at Chapel Hill, Chapel Hill, NC 60 undergraduate students Required, 1-credit course	Fall 2020
<b>Instructor</b> Social and Behavioral Sciences in Public Health (HBEH 600) Department of Health Behavior University of North Carolina at Chapel Hill, Chapel Hill, NC 120 undergraduate and graduate students Required, 3-credit course	Spring 2017
<b>Teaching Assistant</b> Principles of Statistical Inference for Health Behavior (HBEH 601) Department of Health Behavior University of North Carolina at Chapel Hill, Chapel Hill, NC 50 graduate students Required, 3-credit course	Fall 2016
<b>Teaching Assistant</b> Social and Behavioral Sciences in Public Health (HBEH 600) Department of Health Behavior University of North Carolina at Chapel Hill, Chapel Hill, NC 30 undergraduate and graduate students Required, 3-credit course	Spring 2016, Fall 2016

Trainings & Short Courses

Qual Methods: Coding Fall 2022  
 Marked By COVID/University of California at Davis, Davis, CA [Virtual]  
 6 undergraduate/graduate students  
 Length: 2 hours

Introduction to Qualitative Research Spring 2020  
 Department of Public Health  
 Universidad Autónoma de Santo Domingo (UASD), Santo Domingo, Dominican Republic  
 7 medical fellows  
 Length: 5 days

Guest Lectures

Cross Cultural Adaptation Spring 2023  
 Health Behavior Survey Methods (HBEH 752)

October 2023

Gillings School of Global Public Health  
University of North Carolina at Chapel Hill, Chapel Hill, NC  
35 graduate students

“Race”: Demographics and Measurement Lecture  
Health Behavior Survey Methods (HBEH 752)  
Gillings School of Global Public Health  
University of North Carolina at Chapel Hill, Chapel Hill, NC  
40 graduate students

Spring 2023

Ethical Issues in Health Behavior  
Health Behavior Theoretical Foundations I (HBEH 815)  
Gillings School of Global Public Health  
University of North Carolina at Chapel Hill, Chapel Hill, NC  
10 graduate students

Fall 2022

Leveraging Social Media as a Public Health Student  
Health Behavior PhD Professional Development (HBEH 812)  
Gillings School of Global Public Health  
University of North Carolina at Chapel Hill, Chapel Hill, NC  
10 graduate students

Fall 2022

Intersectionality  
Health Behavior Theory (HBEH 730)  
Gillings School of Global Public Health  
University of North Carolina at Chapel Hill, Chapel Hill, NC  
30 graduate students

Fall 2022

Application of Social Support & Social Network Theories  
Health Behavior Theoretical Foundations II (HBEH 816)  
Gillings School of Global Public Health  
University of North Carolina at Chapel Hill, Chapel Hill, NC  
13 graduate students

Spring 2022

“Race”: Demographics and Measurement Lecture  
Health Behavior Survey Methods (HBEH 752)  
Gillings School of Global Public Health  
University of North Carolina at Chapel Hill, Chapel Hill, NC  
40 graduate students

Spring 2022

Health Equity Applied to Latinx Health Research  
Foundations of Health Equity, Social Justice and Human Rights (HBEH 700)  
Gillings School of Global Public Health  
University of North Carolina at Chapel Hill, Chapel Hill, NC  
44 graduate students

Fall 2021

October 2023

Cognitive Interviewing Lecture Fall 2021  
Design, Measurement, and Analysis I: Descriptive and Associational Research (NURS 916)  
School of Nursing  
University of North Carolina at Chapel Hill, Chapel Hill, NC  
15 graduate students

Application of Social Support & Social Network Theories Spring 2021  
Health Behavior Theoretical Foundations (HBEH 816)  
Gillings School of Global Public Health  
University of North Carolina at Chapel Hill, Chapel Hill, NC  
12 graduate students

Use of Charged Images in Public Health Spring 2021  
From Data to Action: Analyses to Link Public Health Research and Policy Decision-Making  
(HBEH 788)  
Gillings School of Global Public Health  
University of North Carolina at Chapel Hill, Chapel Hill, NC  
12 graduate students

“Race”: Demographics and Measurement Lecture Spring 2021  
Health Behavior Survey Methods (HBEH 752)  
Gillings School of Global Public Health  
University of North Carolina at Chapel Hill, Chapel Hill, NC  
35 graduate students

Psychometric Methods: Reliability, Validity, and Factor Analysis Fall 2019  
Research Methods in Public Health (PHS 202)  
Public Health Studies Department  
Elon University, Elon, NC  
22 undergraduate students

Introduction to Behavioral Science Theories Spring 2017  
Introduction to Public Health (SPHG 600)  
Gillings School of Global Public Health  
University of North Carolina at Chapel Hill, Chapel Hill, NC  
41 undergraduate students

## **MENTORING**

---

### *Doctoral Dissertation Committees*

Maria Priscila Bernal PhD 2022, Health Behavior  
*Title:* Adolescent Stressful Life Events and Adult Depression: Disparities within a National,  
Longitudinal Sample of Latinx People  
*Role:* Committee Member

Eliana Armora Langoni PhD student, Health Behavior Present

October 2023

*Title:* TBD

*Role:* Committee Member

Nkechi Charles                      PhD student, Maternal & Child Health                      Present

*Title:* TBD

*Role:* Committee Member

Isabella Higgins                      PhD student, Health Behavior                      Present

*Title:* TBD

*Role:* Committee Member

Emily Hutchens                      PhD student, Health Behavior                      Present

*Title:* TBD

*Role:* Committee Member

Talia Kieu                      PhD student, Health Behavior                      Present

*Title:* TBD

*Role:* Committee Chair

Mannat Malik                      PhD student, Health Behavior                      Present

*Title:* TBD

*Role:* Committee Member

Ana Paula Richter                      PhD candidate, Health Behavior                      Present

*Title:* Got toddler milk? Describing and examining the marketing, purchasing and provision of toddler milk

*Role:* Committee Member

Sophie To                      PhD candidate, Health Behavior                      Present

*Title:* Comedy as counterstory? How Asian American comedy navigates racialization, identity, and health in the COVID era

*Role:* Committee Member

Doctoral

Quetzabel Benavides	PhD, Health Behavior	Research Assistant RWJF Health Policy Research Scholar Mentor	2021 - 2023 2023 - present

2022 (Orange County Justice United)

## GRANTS

---

### Ongoing

1K01HL161031-01                      Wallace (PI)                      02/01/2022 – 01/31/2027  
*Racialization and Cardiovascular Risk Factors among Latinos - An Intersectional Approach*  
This Mentored Research Scientist Development Award will provide the skills and training needed to launch a productive career in cardiovascular health research in Black and non-White Latinos to reduce racial health inequities among Latinos. I will conduct qualitative interviews with Black Latinos to understand their racialization experiences in the U.S., create a multidimensional racialization variable, and model cardiovascular risk over time. I will gain training in intersectional methods, structural equation modeling, and biosocial methods to examine cardiovascular health.  
Role: Principal Investigator (75% FTE)                      Amount: \$803,966

1R21TW012363-01                      Barrington (PI)                      07/01/2022 – 06/30/2024  
*Understanding Burden and Lived Experience of Diabetes and Hypertension among Women Living with HIV in the Dominican Republic to Improve Care Integration*  
The goal of this proposal is to improve understanding of the experience of multiple chronic comorbidities among female sex workers living with HIV to develop a tailored model of integrated HIV and non-communicable disease care.  
Role: Co-Investigator (In-Kind)                      Amount: \$210,463

No number                      Wallace (PI)                      08/01/2022 – 07/31/2024  
*Understanding and Measuring Prediabetes-Related Stress among US Latinos Michigan Center for Diabetes Translational Research Pilot and Feasibility Grant*  
The goal of this proposal is to use participatory methods to develop a prediabetes-related stress scale for Latinos in the US.  
Role: Principal Investigator (2% FTE)                      Amount: \$45,000

1U24MD016258                      Cohen-Wolkowicz (PI)                      09/26/2020 – 06/30/2025  
*RADx-UP Coordination and Data Collection Center*  
The RADx-UP coordination and data collection center (CDCC) will be a community-centered effective, flexible, participatory, and sustainable CDCC that will serve as the infrastructure to maximize the community impact of projects in the RADx-UP Program  
Role: Co-Chair, Engaging Hispanic/Latino/Latinx Populations Working Group (5% FTE)  
Amount: \$20,162,334

No Number                      Wallace (PI)                      04/13/2023 – 02/29/2024  
*Collaborations for Change: Determining the Strategic Priorities to Support the Wellbeing of Migrant Farmworkers in Eastern North Carolina*  
This Center for Environmental Health and Sustainability (CEHS) Environmental Justice Planning Grant is to support strategic planning of environmental justice community-engaged projects with a local organization in eastern North Carolina.  
Role: Principle Investigator                      Amount: \$5,000

October 2023

No Number Mills (PI) 06/01/2022 – 12/31/2022  
*A Community Health Assessment of Smokers Living in Public Housing: Pilot Study*  
A planning study to explore the role of HUD public housing policies and adult residents' behaviors.  
Role: Co-Investigator (In-Kind) Amount: \$50,000

Pending/Submitted

No Number Wallace (PI) Submitted  
*S.A.L.U.D: Engaging Community Health Workers to Promote Health and Well-being among North Carolina's Hispanic/Latino Communities*  
This NC Community Engagement Alliance proposal is aimed to support the training of community health workers on Medicaid/North Carolina health access and long COVID among Latinx communities.  
Role: Principle Investigator (15% FTE) Amount: \$125,000

GRANT13861585 Cuello (PI) Submitted  
*North Carolina Community Leadership Initiative: Mobilizing Agricultural Transformation and Empowerment (NC CLIMATE)*  
US Environmental Protection Agency (EPA) Environmental Justice Collaborative Problem-Solving Cooperative Agreement Program. Proposal will focus on the effects of heat stress on migrant farmworkers and their families.  
Role: Faculty Consultant (1% FTE) Amount: \$490,302

No Number Kittner (PI) Submitted  
*Quantifying the Impact of Scaling up Generative AI on Climate and Public Health in North Carolina*  
This Gillings Innovation Lab pilot grant proposal is aimed to analyze the if and to what extent energy generation from Generative AI data centers produce undue harm in vulnerable communities.  
Role: Co- Investigator (5% FTE) Amount: \$100,000

113073 Rucker (PI) Submitted  
*Understanding and promoting support for reparations for historical enslavement to advance racial health equity*  
This aim of this mixed-methods project is to understand how American descendants of enslaved Africans, and members of the broader U.S. population, envision reparations for American slavery.  
Role: Co-Principle Investigator (15% FTE) Amount: \$600,000

Completed

October 2023

2KR1011817 Wallace (PI) 05/01/2018 – 04/30/2019

*North Carolina Translational and Clinical Sciences Institute, \$2K Pilot*

The goal of this pilot grant was to support the qualitative study for my dissertation research on stress and prediabetes among Latinos in North Carolina.

Role: Principal Investigator Amount: \$2,000

No number Wallace (PI) 05/01/2018 – 04/30/2019

*Mellon Dissertation Grant, Institute for the Study of the Americas*

The goal of this dissertation grant was to support qualitative data collection and analysis for my dissertation research on stress and prediabetes among Latinos in North Carolina.

Role: Principal Investigator Amount: \$2,000

No number Wallace (PI) 05/01/2015 – 08/30/2015

*Institute of African American Studies Summer Research Grant*

The goal of this grant was to support a qualitative study exploring the lived experiences of adults living with type 2 diabetes in the Dominican Republic.

Role: Principal Investigator Amount: \$1,000
