

*The Department of Biostatistics in the Gillings School of
Global Public Health presents...*

The Bernard G. Greenberg Distinguished Lecture Series

Daniela M. Witten, PhD

*Professor of Statistics and
Biostatistics at the University of
Washington; Dorothy Gilford Endowed
Chair in Mathematical Statistics*

***All lectures held in Blue Cross Blue Shield Memorial Auditorium (0001 Michael Hooker
Research Center). Zoom options available for those unable to attend in person.***

**LECTURE 1:
Data Thinning and its
Applications**

**Monday, May 20
10 – 11 a.m.**

[go.unc.edu/Greenberg-
Lecture-1](https://go.unc.edu/Greenberg-Lecture-1)

**LECTURE 2:
Selective Inference for
Clustering**

**Monday, May 20
2 – 3 p.m.**

[go.unc.edu/Greenberg-
Lecture-2](https://go.unc.edu/Greenberg-Lecture-2)

**LECTURE 3:
Inference After F-screening
in Linear Regression**

**Tuesday, May 21
10 – 11 a.m.**

[go.unc.edu/Greenberg-
Lecture-3](https://go.unc.edu/Greenberg-Lecture-3)
