

*The Department of Biostatistics in the Gillings School of  
Global Public Health presents...*

# The Bernard G. Greenberg Distinguished Lecture Series

**Daniela M. Witten, PhD**

*Professor of Statistics and  
Biostatistics at the University of  
Washington; Dorothy Gilford Endowed  
Chair in Mathematical Statistics*

**All lectures held in Blue Cross Blue Shield Memorial Auditorium (0001 Michael Hooker  
Research Center). Zoom options available for those unable to attend in person.**

**LECTURE 1:  
Selective Inference for  
Clustering**

**Monday, May 20  
10 – 11 a.m.**

[go.unc.edu/Greenberg-  
Lecture-1](https://go.unc.edu/Greenberg-Lecture-1)

**LECTURE 2:  
Data Thinning and its  
Applications**

**Monday, May 20  
2 – 3 p.m.**

[go.unc.edu/Greenberg-  
Lecture-2](https://go.unc.edu/Greenberg-Lecture-2)

**LECTURE 3:  
Validation Strategies for  
Correlated Gaussians**

**Tuesday, May 21  
10 – 11 a.m.**
